and Restoration Certification

FOR IMMEDIATE RELEASE

IICRC S590 Standard Available for Limited Public Review

LAS VEGAS - [June 30, 2023] - [The Institute of Inspection, Cleaning and Restoration Certification](https://www.iicrc.org) (IICRC) has opened a second limited public review for the revised draft IICRC S590 Standard for Standard for Assessing HVAC Systems Following a Water, Fire, or Mold Damage Event. Download the substantive changes made to the draft Standard since the first public review in January/February 2023, and submit your comments online from June 30, 2023 - July 30, 2023, here: <https://iicrc.org/s590/>.

As part of the ANSI 30-day public review period all comments must be submitted using the online comment form no later than July 30, 2023.

The S590 Standard contains procedures to perform HVAC assessments and create a written report and Remediation Work Plan (RWP) of work for residential, commercial, institutional, and healthcare buildings. The document lists methods and procedures to determine visual deposition and odor retention.

For more information on other Certification programs and Standards offered by the IICRC, visit www.iicrc.org. To purchase a copy of IICRC Standards, please visit <https://iicrc.gilmoreglobal.com/en>.

About the IICRC

The IICRC is an international, ANSI-accredited standard-development organization (SDO) that certifies individuals in 20+ categories within the Inspection, Cleaning and Restoration Industries. Representing more than 54,000 Certified Technicians and 6,000 Certified Firms in 22 countries, the IICRC, in partnership with regional and international trade associations, represents the entire industry. The IICRC does not own schools, employ instructors, produce training materials, or promote specific product brands, cleaning methods or systems. For more information, visit www.iicrc.org.
