

FOR IMMEDIATE RELEASE

IICRC Mold Remediation Specialist (MRS) Certification is Now ANAB Accredited

Las Vegas, NV - [May 26, 2023] - The Institute of Inspection, Cleaning and Restoration Certification (IICRC) has received accreditation from the ANSI National Accreditation Board (ANAB) for the IICRC Mold Remediation Specialist Certification program.

ANAB is a non-profit organization that accredits organizations that demonstrate competence and consistency in performing conformity assessment activities, such as certification, testing, and inspection. IICRC's accreditation from ANAB demonstrates the company's commitment to providing high-quality mold remediation services and to upholding the highest standards in the industry.

The Mold Remediation Specialist (MRS) Certification program is designed to ensure that technicians have the knowledge and skills necessary to safely and effectively perform mold remediation. The MRS Program is currently accepted by the State of Florida as a qualifying prerequisite for State Mold Removal licensure. The IICRC Mold Certification and the ANSI/IICRC S520 Standard for Professional Mold Remediation continue to be the top-level for mold remediation and restoration professionals.

About IICRC The IICRC is a global standard developing organization (SDO), accredited through the American National Standards Institute (ANSI), as well as a credentialing body that certifies individuals in 20+ categories within the inspection, cleaning, and restoration industries. IICRC, in partnership with regional and international trade associations, represents the entire industry. The IICRC does not own schools, employ instructors, promote specific product brands, cleaning methods, or systems. For more information, visit www.iicrc.org.
