

Each job submission must include at least one item from the below list (estimates/invoices alone do not meet this requirement.)

- Contracts/work agreements/work authorizations on project documentation showing direct involvement
- Microbial sampling records
- Data interpretation
- Development of job specifications or protocols
- Photographs
- Work plan/scope
- Job Hazard Analysis (JHA)
- Diagrams/drawings/sketches
- Psychrometry/Moisture readings
- Pressure differential readings
- Daily project records
- Daily project narrative/notes

For each job detail section, please describe your mold remediation job duties in 2-3 sentences or provide reference to supplemental documentation which you have submitted. Each job must be unique (do not copy/paste info).
